

Section 1 - Identification of Chemical Product and Company

Norbrook NZ Ltd
KPMG Centre, 18 Viaduct Harbour Ave
Auckland, New Zealand

Freecall: 0800 224 022

Trade Name: Sureseal

Product Use: For animal use only. For the prevention of mastitis during the non-lactating (dry) period.

This version issued: April, 2025 and is valid for 5 years from this date.

National Poisons Centre: Phone 0800 764 766 from anywhere in New Zealand

Section 2 - Hazards Identification

Non-Hazardous

Section 3 - Composition/Information on Ingredients

Ingredients	CAS No	Concentration
Bismuth subnitrate	1304-85-4	650 g/kg
Other ingredients	secret	balance

Section 4 - First Aid Measures

General Information: For advice contact the National Poisons Centre 0800 POISON (0800 764 766) in New Zealand and is available at all times. Have this SDS and product label with you when you call. Get medical attention if you feel unwell.

Inhalation: Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call the National Poisons Centre or doctor.

Skin Contact: Wash with plenty of water or until chemical is removed. If skin irritation or rash occurs: Get medical attention.

Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Ingestion: If product is swallowed or gets in mouth, do NOT induce vomiting; Rinse mouth with water. If you feel unwell contact the National Poisons Centre or doctor.

Section 5 - Fire Fighting Measures

Flash point: No data

Fire and Explosion Hazards: The major hazard in fires is usually inhalation of heated and toxic or oxygen deficient (or both), fire gases. Fire decomposition products from this product may be toxic if inhaled. Take appropriate protective measures.

Fire Fighting Equipment: Use self-contained breathing apparatus and full protective clothing.

Extinguishing Media: In case of fire: Use extinguishing media (carbon dioxide or dry powder).

Fire Fighting: If a significant quantity of this product is involved in a fire, call the fire brigade.

SAFETY DATA SHEET

Issued by: Norbrook NZ Ltd

Freecall: 0800 224 022

National Poisons Centre: 0800 764 766 in New Zealand

Section 6 - Accidental Release Measures

Personal Precautions: Wear protective gloves and eye/face protection.

Environmental Precautions: Prevent spilled material from entering water ways.

Methods and Materials for Containment and Cleaning up:

Minor spills: Clean up and absorb spills with inert material and place in waste containers, labelled for disposal. Contain in a secure location until disposal method is established. Dispose of waste safely.

Major spills: Prevent spillage from entering drains or water ways and call emergency services.

Section 7 - Handling and Storage

Handling: Keep exposure to this product to a minimum, and minimise the quantities kept in work areas. Check Section 8 of this SDS for details of personal protective measures, and make sure that those measures are followed.

The measures detailed below under "Storage" should be followed during handling in order to minimise risks to persons using the product in the workplace. Also, avoid contact or contamination of product with incompatible materials listed in Section 10.

Certified handler: Not required.

Tracking: Must be secured >500kg is present.

Storage: Store below 25°C. Protect from light. Check packaging - there may be further storage instructions on the label.

Section 8 - Exposure Controls and Personal Protection

Occupational exposure limits:

SWA Exposure Limits

TWA (mg/m³)

STEL (mg/m³)

Exposure limits have not been established for any of the significant ingredients in this product.

The SWA TWA exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The STEL (Short Term Exposure Limit) is an exposure value that may be equalled (but should not be exceeded) for no longer than 15 minutes and should not be repeated more than 4 times per day. There should be at least 60 minutes between successive exposures at the STEL. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded, even briefly.

Engineering Controls: Handle in accordance with good industrial hygiene and safety practice.

Ventilation: Make sure that the work environment remains clean.

Eye Protection: Wear suitable protective glasses or goggles. Maintain eye wash facilities in work areas.

Skin Protection: Wear protective gloves and face protection.

Protective Material Types: Protective clothing be made from rubber or PVC.

The following Australian Standards will provide general advice regarding safety clothing and equipment:

Respiratory equipment: **AS/NZS 1715**, Protective Gloves: **AS 2161**, Occupational Protective Clothing: **AS/NZS 4501** set 2008, Industrial Eye Protection: **AS1336** and **AS/NZS 1337**, Occupational Protective Footwear: **AS/NZS2210**.

Section 9 - Physical and Chemical Properties

Physical Description & Colour:	Light brown paste
Odour:	No data
Odour Threshold:	No data
pH:	No applicable
Melting point/Freezing point:	No data. Paste at normal temperatures
Initial boiling point and boiling range:	No data

SAFETY DATA SHEET

Flash point:	No data
Flammability (solid, gas):	No data
Upper/Lower flammability or explosive limits:	No data
Vapour pressure:	No data
Vapour density:	No data
Relative density:	No data
Solubility (ies):	No data
Partition coefficient: n-octanol/water:	No data
Auto-ignition temperature:	No data
Decomposition temperature:	No data
Kinematic viscosity:	No data
Particle characteristics:	No data

Section 10 - Stability and Reactivity

Reactivity: No data related to reactivity available for this product or its ingredients. However, if you have any doubts, contact the supplier for advice on shelf life properties.

Conditions to Avoid: Keep away from heat. Hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep away from clothing and other combustible materials. Store below 25°C. Protect from light.

Incompatibilities: Strong reducing agents.

Hazardous Decomposition Products: Under normal conditions of storage and use, hazardous decomposition products should not be produced. In the event of fire: see section 5.

Section 11 - Toxicological Information

Acute toxicity:	No data
Skin corrosion/irritation:	No data
Serious eye damage/eye irritation:	No data
Respiratory or skin sensitisation:	No data
Germ cell mutagenicity:	No data
Carcinogenicity:	No data
Reproductive toxicity:	No data
Specific target organ toxicity-single exposure:	No data
Specific target organ toxicity-repeated exposure:	No data
Aspiration hazard:	No data

Section 12 - Ecological Information

Aquatic:	No data
Terrestrial:	No data

SAFETY DATA SHEET

Persistence and degradability: No data
Bioaccumulative: No data
Mobility in soil: No data

Section 13 - Disposal Considerations

Disposal: Dispose of product, packaging and waste at an approved landfill or other equivalent facility.

Section 14 - Transport Information

UN Number: Not applicable
UN Proper Shipping Name: Not applicable
UN Dangerous Goods Class: Not applicable
UN Packaging Group: Not applicable
Environmental Hazards: Not applicable
Special Precautions When Transporting The Substance: Not applicable

Section 15 - Regulatory Information

HSNO Approval number: Non-Hazardous
ACVM number: A010866

Section 16 - Other Information

This SDS contains only safety-related information. For other data see product literature.

Acronyms:

CAS number: Chemical Abstracts Service Registry Number
GHS: Globally Harmonized System
HSNO: Hazardous Substances and New Organisms Act
UN Number: United Nations Number
SWA: Safe Work Australia
TWA: Time Weighted Average
STEL: Short Term Exposure Limit

THIS SDS SUMMARISES OUR BEST KNOWLEDGE OF THE HEALTH AND SAFETY HAZARD INFORMATION OF THE PRODUCT AND HOW TO SAFELY HANDLE AND USE THE PRODUCT IN THE WORKPLACE. EACH USER MUST REVIEW THIS SDS IN THE CONTEXT OF HOW THE PRODUCT WILL BE HANDLED AND USED IN THE WORKPLACE.

IF CLARIFICATION OR FURTHER INFORMATION IS NEEDED TO ENSURE THAT AN APPROPRIATE RISK ASSESSMENT CAN BE MADE, THE USER SHOULD CONTACT THIS COMPANY SO WE CAN ATTEMPT TO OBTAIN ADDITIONAL INFORMATION FROM OUR SUPPLIERS. OUR RESPONSIBILITY FOR PRODUCTS SOLD IS SUBJECT TO OUR STANDARD TERMS AND CONDITIONS, A COPY OF WHICH IS SENT TO OUR CUSTOMERS AND IS ALSO AVAILABLE ON REQUEST.

Please read all labels carefully before using product.
