The four Golden Rules for effective Worm Control

- ✓ Planning
- ✓ Testing
- ✓ Know your horses' worms
- ✓ Know your wormer

Noromectin is an oral paste containing 18.7mg ivermectin. It kills internal parasites including small and large redworms, lungworms, pinworms and bots in horses.

NoroPraz combines two highly effective ingredients to give a broad spectrum of activity. Oral paste containing 18.7mg of Ivermectin and 140.3mg Praziquantel. It kills all major internal parasites of the horse including arterial stages of the tapeworm, large redworm, bots and lungworm in a single dose.
